PROFESSIONAL PROFILE

Information Technology undergraduate at the Sri Lanka Institute of Information Technology (SLIIT) with industry experience in IT support and hands-on web application development. Experienced in building internal business solutions using React.js, Node.js, Express.js, MongoDB and Firebase. Interested in IT operations, troubleshooting, full-stack development and practical technology solutions.

PROFESSIONAL EXPERIENCE

IT Assistant / IT Intern — Deep Tec Engineering (Pvt) Ltd | September 2025 – March 2026 (internship)

Developed and supported internal web-based business applications for vehicle management, solar service scheduling and tender tracking.

Worked with web technologies, databases and cloud-based tools to streamline administrative workflows and support day-to-day IT needs.

Assisted with website administration, troubleshooting and digital systems.

EDUCATION

BSc (Hons) in Information Technology — Specializing in Information Technology | SLIIT | October 2022 – Present

G.C.E. Advanced Level | Sri Sumangala National College | 2021

Science for Technology – B; Engineering Technology – C; Mathematics – C

G.C.E. Ordinary Level | Sri Sumangala National College | 2017

3 A passes, 3 B passes, 3 C passes

RESEARCH EXPERIENCE

Smart Learn — Adaptive Learning Platform for Neurodevelopmental Learning Difficulties | Undergraduate research project

Developed the Dyscalculia Intervention Module for Smart Learn, a research-based adaptive learning platform designed to support Sinhala-speaking children aged 6–8 with neurodevelopmental learning difficulties.

Designed interactive number-learning activities including Number Tracing (0–9), Number Sorting, Balloon Pop and Number Listening to strengthen early numeracy, recognition and sequencing skills.

Implemented touch-friendly drag-and-drop interaction, immediate answer feedback, activity progress tracking and performance-based star rewards. Integrated frontend components with backend APIs and Firebase for learning data management. Technologies: React.js, JavaScript, Firebase, REST APIs.

SELECTED PROJECTS

Online Vehicle Management System | Individual industry project | MERN stack

Built a web application to help manage company vehicle information and related workflows.

Solar Service Reminder System | Individual industry project | React.js, Express.js, Node.js, Firebase

Developed a scheduling and reminder solution for solar service activities.

Tender Management & Reminder System | Individual industry project | React.js, Express.js, Node.js, Firebase

Created an application to organize tenders and support deadline tracking.

Academic Projects | SLIIT

Academic Scheduler (MERN); To-Do App (Kotlin); Social Media App (Spring Boot); Apparel Manufacturing Web App (MERN).

TECHNICAL SKILLS

Programming: JavaScript, Python, Java, PHP | Frontend: React.js, HTML, CSS, Tailwind CSS, Bootstrap | Backend: Node.js, Express.js, Spring Boot | Databases: MongoDB, MySQL, Firebase | Tools & Platforms: Git, GitHub, Postman, Figma, WordPress, Google Apps Script, AWS

AWS TRAINING & CERTIFICATIONS

AWS SimuLearn completion certificates (2026): Cloud Computing Essentials; Cloud First Steps; Core Security Concepts; Highly Available Web Applications; Databases in Practice; First NoSQL Database; Networking Concepts; File Systems in the Cloud; Computing Solutions.

ACHIEVEMENTS & ADDITIONAL SKILLS

Mathematics Olympiad — 1st Place, Nikawaratiya Division (2016); SLIIT Colours (2023, 2024); School Deputy Head Prefect (2020); School Sports Captain (2019–2020).

Problem-solving, communication, teamwork, design thinking, project coordination and technical troubleshooting. Languages: Sinhala and English.
